Using publicly-available data, School Improvement Grants: Analyses of State Applications and Eligible and Awarded Schools examines (1) the SIG policies and practices states intend to implement based on their Cohort 2 applications for federal SIG funds, (2) the characteristics of schools eligible for and awarded SIG in Cohort 2, and (3) how these intended policies, practices, and school characteristics compare between Cohort 1 and Cohort 2. The first cohort of grantees began implementing reforms in the 2010-11 school year, with a second cohort of grantees beginning reforms in the 2011-12 school year.
