Reviews

It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

THE PIANO WORKS OF CLAUDE DEBUSSY (PAPERBACK)

Dover Publications Inc., United States, 2010. Paperback. Book Condition: New. 212 x 136 mm. Language: English . Brand New Book. This book is a firsthand report of a great composer s intentions in regard to the performance of his music. These intentions have been digested and interpreted for us by the composer s friend Robert Schmitz (1889 1949), who was himself a distinguished pianist, an articulate musician, and a well-known teacher. The product is an authoritative commentary on the entire body of Debussy s work for piano solo. Written for both performers and listeners, the book s purpose is to increase enjoyment of and insight into these works. The book s shorter opening section comprises notes on many general aspects of the composer s life and work; a biographical sketch; a discussion of Debussy s place in relation to the concepts of impressionism and romanticism; his use of classical forms, tonality and modality, melody, counterpoint, etc. Section two, the heart of the book, examines in detail the whole of Debussy s music for solo piano, two hands. Seventy-one pieces in all are included: The Arabesques, the Suite Bergmasque, the Estampes, Images, Children s Corner, Preludes and Etudes. Each in its chronological place, the pieces are first described as a whole as to mood, source of programmatic inspiration, structure, tonality, and other characteristics. Then follows specific suggestions dealing with technical and expressive problems of particular measures and phrases. The book is not meant as a substitute for Debussy s piano works; on the contrary, it will cause both listeners and performers to turn to this superb corpus of music with new interest and insight. Complete, thorough, authoritative and important. San Francisco Chronicle. It is a thoughtful and mature reference book and though I am at variance with certain of its premises...
