By S y M Wong-A-Ton

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 240 x 188 mm. Language: English . Brand New Book ***** Print on Demand *****.InfoPath is easy. really! Almost every InfoPath form solution consists of 5 core components: 1. Form template, 2. Views, 3. Controls, 4. Rules, 5. Data sources and connections. But despite reading about these components, as a beginner, you would still find it quite difficult to use reference material about InfoPath to combine the 5 core components to create useful solutions. And the latter is exactly what InfoPath 2013 Cookbook teaches you to do; step-by-step, from the ground up. A simple and pleasant learning journey InfoPath 2013 Cookbook was specifically written with the needs of beginners in mind. The pace is slow and then picks up after you have learned the basics of InfoPath in chapters 1 through 6 and have reached chapters 7, 8, and 9, in which you not only learn techniques you can apply repeatedly to different types of InfoPath solutions, but also get step-by-step guidance to put together sample functionality in InfoPath forms you can actually use in/for your own business. InfoPath 2013 Cookbook consists of 121 recipes (tutorials). Each recipe consists...
