## DEEP SPACE TELECOMMUNICATIONS SYSTEMS ENGINEERING

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 622 pages. Dimensions: 10.0in. x 7.0in. x 1.4in. A vital, often predominant function in every space mission is that of communications. From the moment of launch, the only connection between spacecraft and earth is the communications system. This system is responsible for sending scientific data back to earth in the specified quality and quantity together with engineering data reporting the condition of the spacecraft. The communications...
